

**\*\*\*AMENDMENT #2 FOR ALL RESIDENTIAL SERVICES LISTED BELOW\*\*\***

It is the Department's mission to provide services to children and families that cause the least amount of disruption to their lives as possible. Therefore, due to what would result in a vast number of disruptions to the lives of several hundred children currently placed in the Department's care across multiple programs and options for future placements being great distances from several regions of the state, the Department has determined it to be in the best interest of the children to implement the evaluation process utilized in 2007 for all of the Residential Services to Children. As a result of this decision, technical proposals will be assigned a maximum weight of 900 (90%) possible points and cost proposal will be assigned a maximum weight of 100 (10%) possible points of the total 1000 points to proposals received in response to the following services:

- Moderate Residential Services for Children;*
- Intensive Residential Services for Children;*
- Mothers and Infants;*
- Transitional Living Program/Independent Living Program;*
- Basic Residential Services for Children;*
- Crisis Intervention Placement Programs (CIPP); and*
- Services for Youth Exhibiting Predatory Sexual Behaviors.*

Due to the aforementioned changes the Department will allow Vendors who submitted proposals to increase or decrease their proposed cost across all proposed services. However, Vendors **must not exceed** the maximum rates originally established for these services. Utilize the cost proposal forms originally submitted to modify cost. Email modified cost proposals to me at [www.starr.stewart@dhr.alabama.gov](mailto:www.starr.stewart@dhr.alabama.gov) by the deadline indicated below. Vendors who do not modify their cost must also send an email specifying the RFP title and indicating no change to the cost. -----
